## Welcome Message

We express our deepest sympathy to all who were stricken by the recent Great East Japan Earthquake in March 2011.

On behalf of the Japanese Society of Medical Oncology (JSMO), we are pleased to invite you to the 10th Annual Meeting of JSMO with the theme of "Beyond the Global Standard of Medical Oncology ~Perspectives from Asia~".

This conference will draw together many specialists in medical oncology from a wide range of disciplines from all over the world. More than 5,000 people are expected to join this event. The 10th Annual Meeting of JSMO will be of great international flavor. The following features are some of the new attempts.

1. Calling for paper abstracts from overseas (particularly from the Asian district)
2. International Session, which was initiated by the 9th Annual Meeting of JSMO, will be continued this year, by inviting many speakers from around the world.
3. English translation will be provided in all of more than 30 educational sessions, and English Slides will be used in these sessions.
4. Joint-Symposiums with the world's leading scientific organizations such as ASCO, ESMO, CSCO and KACO.

We will update the details of the program as needed. This conference will certainly provide a wonderful forum to enrich and refresh your knowledge base and serve for your advancement in the field of the cancer treatment.

We look forward to welcoming you in Osaka.

**Congress President**  
**Kazuhiko Nakagawa**

Congress President,  
10th Annual Meeting of JSMO,

Professor,  
Department of Medical Oncology,  
Kinki University Faculty of Medicine

## Program Highlights

### *International Sessions*

1. Biomarker & Developmental Therapeutics
2. Breast Cancer
3. Lung Cancer
4. Head & Neck Cancer
5. Gastric Cancer
6. Hepato-biliary-pancreatic Cancer
7. Colorectal Cancer
8. Hematological Malignancies
9. Trials in Progress

### *Educational Sessions with English Translation*

- *More than 30 educational lectures*
- *English translation will be provided in **all** educational sessions*

●	1. Supportive Care1: Diagnostic treatment of drug-induced interstitial pneumonia
●	2. Supportive Care2: New development on bone metastasis treatment
●	3. Supportive Care3: How to choose antiemetics
●	4. Breast Cancer: The latest evidences in drug therapy
●	5. Lung Cancer: Driver oncogene & drug therapy
●	6. Gastric Cancer: The latest evidences in drug therapy
●	7. Colorectal Cancer: The latest evidences in drug therapy
●	8. HCC: Molecular-targeting drug therapy
●	9. Hematopoietic organ malignant disease
●	10. Drug interaction of anticancer agents
●	11. Basic: Searching a new molecular target
●	12. Advanced Therapy: New treatment development based on cancer stem cell theory
●	13. Radiation Therapy: Cutting-edge IMRT
●	14. Surgical Treatment: Comparative study of multiple-facilities randomization
●	15. Malignant pleural and peritoneal carcinoma tosis treatment

*Educational Sessions with English Translation*

# Travel Award

## 1. What is Travel Award?

Among the titles submitted to the 10th Annual Meeting of the Japanese Society of Medical Oncology, those submitted by the researchers living in other countries than Japan will be reviewed by a selection committee. The travel expenses of presenters who have submitted outstanding work will partially be refunded.

## 2. What's included in Travel Award?

US\$600~1200 of travel support to 100 Investigators from Asia  
US\$1900 of travel support to 20 Investigators from US or EU  
(The amount of travel support may be changed accordingly depending on the place the applicants live in.)

## 3. How to apply for Travel Award?

- To qualify, applicants must currently live in the Asian countries (except for Japan) or be U.S. citizens or E.U. citizens.
- If you are already getting financial support from any company or society, your application will be removed from recipient lists.
- Submit paper abstract through JSMO2012 website.
- When you're submitting abstract, you will be asked whether you want to apply for Travel Award or not on the first page of online abstract submission procedure.
- The Selection Committee members will evaluate their submitted abstracts comprehensively based on the study contents, ethical aspects to select who would be appropriate for this award.
- Every investigator whose abstract is accepted in International Session (English oral presentation), will be a recipient of Travel Award. However, Travel Award is not limited only to International Sessions. It is open to any abstract submitted from overseas including poster presentations as well.
